

BIOCLEAN

Biodegradable cleaner for bathrooms & kitchens

PROPERTIES

Biodegradable cleaner without ammonia, phosphates, and petroleum products per the European directive EC 648/2004 governing detergents in terms of their biodegradability. A product with superior cleaning action that dissolves tough and oily stains while it does not affect sensitive surfaces.

APPLICATIONS

BIOCLEAN cleaner for bathrooms & kitchens removes oils, fats, accumulated food waste, sauce, tartar sanitary ware, ink, blood, accumulated waste from kitchen stoves and cooking utensils, kettles, ovens, grills, refrigerators, silverware, etc. Remove pollutants from sanitary fixtures and tiles as well as polished and honed marble. Essential in houses, restaurants and hotels, as well as hospitals, bakeries and yachts (does not harm the gel coat). It breaks down insect, bird and animal droppings and waste.

USE

Spray the areas you want to clean and wait for a few minutes. Rinse with water or, where necessary, scrub with a broom or a damp sponge. For the daily care and the maintenance of the surface color(s), it is recommended to add 50ml BI-OCLEAN for every 1lt of the mopping water. Compatible with cleaning machines.

CONSUMPTION

1lt/12-14m² of surface.

STORAGE

Store in places protected from frost, for at least 36 months from production date.

SAFETY DIRECTIONS

The product needs no hazard labeling under current European and National legislation. However, it is recommended to keep away from the reach of children. If swallowed, seek immediate medical advice and show the container or label.

BIOCLEAN

Biodegradable cleaner for bathrooms & kitchens
