

BIOCLEAN

General purpose biodegradable cleaner

PROPERTIES

General purpose biodegradable cleaner without ammonia, phosphates, and petroleum products per the European directive EC 648/2004 governing detergents in terms of their biodegradability. Product with superior cleaning action that does not affect sensitive surfaces.

APPLICATIONS

BIOCLEAN General purpose biodegradable cleaner removes fats, cigars, salts, wine, coffee, oil and other accumulated pollutants. Suitable for domestic and professional use, ideal for tiles, granite, sinks, vinyl tubs, as well as countertops and kitchenware. Use it to clean refrigerators and painted walls, furniture as well as carpets, and solar water heater panels. It is also ideal for removing dirt and stains in places such as dairy plants and slaughter houses as well as poultry, fish, and food processing plants.

USE

Spray the areas you want to clean and wait for a few minutes. Rinse with water or, where necessary, scrub with a broom or a damp sponge. For the daily care and the maintenance of the surface color(s), it is recommended to add 50ml BIOCLEAN for every 1lt of the mopping water. Compatible with cleaning machines.

CONSUMPTION

1lt/12-14m² of surface.

STORAGE

Store in places protected from frost, for at least 36 months from production date.

SAFETY DIRECTIONS

The product needs no hazard labeling under current European and National legislation. However, it is recommended to keep away from the reach of children. If swallowed, seek immediate medical advice and show the container or label.

BIOCLEAN

General purpose biodegradable cleaner

PACKAGING

- Carton box with 18 pcs of 750ml each one
- 5lt, 20lt containers
- 1,000lt tank (special order)

TECHNICAL SPECIFICATIONS

Form - Color Liquid - Mild cleaner - Yellow

Density 1.00±0.05kg/lt

Scent Long lasting fresh scent

Flammable No

Does not release vapours

Contains Non-ionic surfactants are less than 5%
Anionic surfactants are less than 5%

Permit No. by General Chemical State Laboratory
ELEFSIS: 3093/2008

The product has been officially examined and certified by the following German institutes:

- **FRESENIUS Institute**
- **BREGAU Institute for applied environmental technology**
