- FRESENIUS Institute
- BREGAU Institute for applied environmental technology

#### CONSUMPTION

1lt/12-14m<sup>2</sup> of surface.

#### STORAGE

Store in places protected from frost for at least 36 months from production date.

#### SAFETY DIRECTIONS

The product needs no hazard labeling under current European and National legislation. However it is recommended to keep away from the reach of children. If swallowed, seek immediate medical advice and show the container or label.

#### PACKAGING

Carton box with 18 pcs of 750ml each one 5lt container

#### PROPERTIES

Biodegradable cleaner, free of allergens, ammonia, phosphates and petroleum derivatives.

Friendly to human and the environment, per the European directive EC 648/2004.

This specific directive governs the composition of detergents with respect to their biodegradability.

It does not irritate hands and it does not cause any inhalation related problems during and after use. It cleans quickly, effectively and safely, without affecting sensitive surfaces. Its application yields streak free surfaces with luster (pic.1,2,3).

#### APPLICATIONS

BIOCLEAN glass & furniture cleaner is ideal for windows and mirrors, lacquered furniture as well as doors and windows painted with varnish or oil paint. Clean safely and effectively kitchen cabinets and appliances, television and computer screens as well as car windshields and stainless steel utensils, etc.

#### USE

Spray the areas you want to clean. Use a soft, lint free, cotton cloth to apply the product throughout the surface with successive movements. In no time, surfaces shine clean, without any streaks or dull spots.
