

BIOCLEAN

Biodegradable cleaner for nicotine and soot

PROPERTIES

Biodegradable cleaner, without ammonia, phosphates, and petroleum products, per the European directive EC 648/2004 governing detergents in terms of their biodegradability.

Product of superior cleaning action that does not damage or alter the color of the paint. Spray once to instantly and affordably remove all stains from soot and nicotine, exhaust fumes and other pollutants from painted surfaces without damaging them. Its application yields the appearance of freshly painted, clean surfaces.

APPLICATIONS

BIOCLEAN cleaner for nicotine and soot is ideal for cleaning painted interior and exterior surfaces.

Ideal for surfaces such as walls and ceilings and surfaces lined with decorative natural or artificial stones, polished or unpolished marble. Clean painted partitions made of gypsum board and cement board. Remove nicotine and soot stains

from melamine, wood planks and wainscoting as well as balcony awnings.

Indispensable for places requiring frequent painting, such as hotels and schools, offices, as well as dining rooms, restaurants and children rooms.

USE

Start spraying from the top or a corner (ceilings) of the surface. Use a left-to-right motion and spray from a distance of 30cm away. Use a sponge to wipe pollutants away when they begin to degrade (to soften) on the surfaces. For large exterior surfaces, the product can be applied with a pressure washer.

CONSUMPTION

1lt/20m² of surface.

STORAGE

Store in places protected from frost, for at least 36 months from production date.

BIOCLEAN

Biodegradable cleaner for nicotine and soot

SAFETY DIRECTIONS

The product needs no hazard labeling under current European and National legislation. However, it is recommended to keep away from the reach of children. If swallowed, seek immediate medical advice and show the container or label.

PACKAGING

Carton box with 18 pcs of 1lt each one
5lt container (special order)

TECHNICAL SPECIFICATIONS	
Form - Color	Liquid, mild cleaner - Green
Density	1.00±0.05kg/lt
Scent	Aloe Vera
Does not release vapours	
Contains	Non-ionic surfactants are less than 5% Anionic surfactants are less than 5%
The product has been officially examined and certified by the following German institutes: <ul style="list-style-type: none"> • FRESENIUS Institute • BREGAU Institute for applied environmental technology
