

## 7.2 Special application cleaners

# DUROSTICK D-61 Cleaner for stainless steel & precious metal surfaces and items

### PROPERTIES

Powerful yet gentle cleaning cream that restores the long lost luster of any stainless steel surface very quickly, without scratching. After cleaning and restoring the surface, it maintains a long lasting sheen.

It contains no solvents that harm the environment and its organic ingredients are easily biodegradable.

### APPLICATIONS

DUROSTICK D-61 is ideal for cleaning any stainless steel utensil. It removes salts and rust, and the tarnish from any silver utensils (pic.2) as well as

brass, copper and bronze (pic.1). It effectively removes any oxidation from brass and bronze ornaments, chandeliers, silverware, etc.

It is also exceptional for all the stainless steel or chrome parts on any recreational craft (pic.3).

### USE

Shake the container well before use. Apply the cream onto the spots or sections to be cleaned, and rub gently with a soft cloth.

Rinse with water and wipe the surface with a dry cloth, paper towel or cotton balls.
