

7.2 Special application cleaners

DUROSTICK GLASS CLEANER

Cleaning agent for glass surfaces of plain and energy efficient fireplaces

TECHNICAL SPECIFICATIONS

Form - Clear	Liquid - Transparent
Density	1.00±0.05 kg/lt
pH	9.00± 1.00
Flammable	No
Contains	Phosphates less than 5%, non-ionic surfactants less than 5%, anionic surfactants less than 5%

General Chemical State Laboratory Reg. No. 17704/0/2014
Permit No. by General Chemical State Laboratory ELEFSIS: 3093/2008

STORAGE

Store in places protected from sunlight and frost, for at least 36 months from production date.

SAFETY DIRECTIONS

The product is classified as corrosive. It is recommended to keep away from the reach of children and apply it in well ventilated areas. Before use, refer to the cautions on the product packaging or the Material Safety Data Sheet.

PACKAGING

Paper box with 12 pcs of 500ml each one

PROPERTIES

Special purpose cleaning agent that removes rapidly, and without scrubbing any soot attached on glass surfaces, restoring them to their original appearance and condition.

APPLICATIONS

GLASS CLEANER is manufactured for cleaning the protective glass of fireplaces and energy efficient fire places (pic.1, 2), wood burning stove glass (pic.3) as well as the

glass of stoves in general.

USE

Before use, it is recommended to wear protective gloves.

Spray from a short distance and let the product act for one minute.

Following, remove any residues with a soft, cotton cloth or paper towel. If the residues are old, you may need to repeat the process by allowing the product to act longer.
