

# D-301 MULTI CLEANER

## General purpose cleaner

### ■ PROPERTIES

Multipurpose cleaner, suitable for commercial and residential use. It evaporates quickly, without leaving any residue on surfaces. It instantly removes most pollutants with a simple swipe, compared to water-soluble cleaners.

### ■ APPLICATIONS

DUROSTICK D-301 helps remove dirt and oils from sensitive objects and difficult places on electronic boards, magnetic heads, optical media, computer components, keyboards, and all electronic devices. It deeply cleans smudges, grease, and oils, and degreases metal surfaces to be painted. For very soiled surfaces, soaking a cloth helps. Residues from

paints, markers, or silicones, as long as they have not solidified, are easily cleaned from surfaces or hands. Stainless steel, galvanized surfaces sparkle without rinsing or washing with water. It can be used to degrease car engines (after they have cooled down), chains, gears before they are lubricated, and all kinds of agricultural machinery.

### ■ USE

Apply it easily by spraying a sufficient amount and if necessary, remove any residue with a cloth.

### ■ CONSUMPTION

Depending on the application.

The technical specifications and directions of use contained in this technical data sheet are the results of the knowledge and experience of the company's research and development department, as well as from the real-life applications of the product. The recommendations and suggestions regarding the use of the products are made without guarantee since the respective conditions during their application are beyond the control of the company. For this reason, it is the user's responsibility to make sure that the product is suitable for the intended application as well as the application conditions of the project.
